

## Ruby master - Feature #11917

### Add Range#length as an alias for size

12/29/2015 12:26 AM - dougo (Doug Orleans)

| <b>Description</b>   |        |  |
| I noticed that Range has a size method but no length, unlike most other Enumerable classes. I propose adding Range#length as an alias for Range#size. Any reason not to? |        |  |

#### History

---

#1 - 01/30/2016 07:01 AM - avit (Andrew Vit)

- File 0001-Make-Range-size-an-alias-of-Range-length.patch added

Attached patch for consideration. I made the aliases the same as Array.
