

## Ruby master - Bug #12771

### Allow setting max memory consumption

09/16/2016 11:03 PM - grosser (Michael Grosser)

<b>Status:</b> Closed

<b>Target version:</b>	
<b>ruby -v:</b>	<b>Backport:</b> 2.1: UNKNOWN, 2.2: UNKNOWN, 2.3: UNKNOWN

#### Description

I want to limit a ruby process to 100mb ... if the limit is reached it should run GC

Already tried various RUBY\_ settings but nothing seems to have that effect ... I don't want to sprinkle GC.start all over my codebase :(

Do you mean Process::setrlimit(Process::RLIMIT\_AS, 100 \* 1024 \* 1024) does not work for you? If that is the case please explain why?
