

Ruby master - Feature #12933

Add Some and Optional

11/14/2016 06:18 AM - saveav (Adam Pahlevi Baihaqi)

Status: Closed	
Priority: Normal	
Assignee:	
Target version:	
Description What if we have Optional and None as a class, and which we can use like this: <pre>have_data = Optional(5).get # returns 5 have_data = Some(nil) # raise error have_data = Some(operation).expect("cannot be nil") # raise cannot be nil if operation returned nil</pre>

- Status changed from Open to Closed

I think it should be implemented in gem (at least for the beginning).
After the gen got popular, we can consider making it standard.

Matz.
