

Ruby master - Bug #15480

Update Kernel#system docs

12/29/2018 09:44 AM - zverok (Victor Shepelev)

Status: Closed	
Priority: Normal	
Assignee:	
Target version:	
ruby -v:	Backport: 2.4: UNKNOWN, 2.5: UNKNOWN, 2.6: UNKNOWN

Description

While working on [Ruby Changelog](#), I noticed some of new functionality of 2.6 is not documented.

I'll create several tickets to address problems discovered.

Current one is about Kernel#system:

- exception: false argument and explanations added
- links to "see other_method" fixed to be linkable
- command variants fixed to be dl instead of preformatted text
