

Ruby trunk - Bug #15728

error compiling C - file under Ruby

03/26/2019 07:24 AM - Shved (Aleksandr Shved)

Status:	Feedback		
Priority:	Normal		
Assignee:			
Target version:			
ruby -v:	2.6.2	Backport:	2.4: UNKNOWN, 2.5: UNKNOWN, 2.6: UNKNOWN

Description

Compiler message

```
/usr/local/include/ruby-2.6.0/ruby/intern.h:506:10: error: expected ';' or ';' before 'void'
```

```
COLDFUNC NORETURN(void rb_memerror(void));
```

The specified line contains:

```
COLDFUNC NORETURN(void rb_memerror(void));
```

And so the compilation goes without errors

```
COLDFUNC (void rb_memerror(void));
```

History

#1 - 04/22/2019 10:32 AM - naruse (Yui NARUSE)

- Status changed from Open to Feedback

This issue depends what compiler is used.

Could you show what is your compiler and environment?
