

Backport187 - Bug #1752

Segfault in gdbm - 1.8.7 p160 and up

07/09/2009 12:53 PM - jsc (Justin Collins)

Status:	Open
Priority:	Normal
Assignee:	
Target version:	
ruby -v:	ruby 1.8.7 (2009-06-12 patchlevel 174) [i686-linux]
Description	
<p>=begin I am actually not sure if this is strictly a GDBM problem, but that is what it appears to be. As far as I can tell, this starts with 1.8.7p160 and happens through 1.8.7p174.</p> <p>The following code results in a segfault when calling to_hash:</p> <pre>require "gdbm" GDBM.open "test" do g g["a"] = "b" end GDBM.open "test" do g g.to_hash end</pre> <p>So does this:</p> <pre>h = {} GDBM.open "test" do g g.each_pair do k, v h[k] = v end end =end</pre>
