

Backport187 - Backport #4196

Array#flatten!(0) should return nil

12/24/2010 01:02 AM - djberg96 (Daniel Berger)

Status:	Closed
Priority:	Normal
Assignee:	
Description	
=begin Since Array#flatten!(0) does not modify the array I believe it should return nil. At the moment, in 1.8.7-p302, it returns itself.	
irb(main):001:0> [1,[2,3,[4,5]]].flatten!(0) => [1, [2, 3, [4, 5]]]	
Note that JRuby 1.5.6 returns nil for the above code, so either MRI is wrong or JRuby is wrong.	
=end

To wit, 1.9 returns nil as well.
