06/10/2011 12:35 AM - caleywords (Caley Woods)

Status: Closed	
Priority: Normal	
Assignee: drbrain (Eric Hodel)	
Target version:	
ruby -v: 1.9.2 -p180	Backport:
Description	
I made the following change to the array.drop documentation:	
<ul style="list-style-type: none">• Drops first n elements from ary, and returns rest elements • in an array.<ul style="list-style-type: none">◦ Drops first n elements from ary. and returns the rest of the◦ elements in an array.	
I know this isn't std lib but seems like a useful, small change. Originally submitted pull request on GitHub but closed it there, hoping for faster acceptance through redmine.
