Description	
Hi,	
Copied from http://bugs.debian.org/cgi-bin/bugreport.cgi?bug=639664 :	
<-----	
From: Samuel Thibault sthibault@debian.org	
Hello,	
ruby FTBFS on hurd-i386 due to dirent misuse. The attach patch fixes it the same way as Solaris. I have already forwarded it to matz@netlab.jp last monday, but didn't have any reply so far.	
There is another bug about task detection, which will be fixed in the next eglibc upload.	
Samuel

Patched attached.	
Thanks!
