

Backport187 - Feature #7631

bug report

12/28/2012 09:06 PM - dvrmdmr (demir demir)

Status:	Open	
Priority:	Normal	
Assignee:		
Target version:		
Description		
I saw a bug my source : http://www.getexbackways.com		

History

#1 - 12/28/2012 09:07 PM - dvrmdmr (demir demir)

If marshal_dump method is defined in a class and you pass an instance of that class into Marshal.dump, instead of dumping instance variables (as it happens by default, when marshal_dump is not defined) Ruby dumps only data returned from this method.

Though, if the class is a Struct, MRI 1.8.7 behaves the same way as for a regular class, but both MRI 1.9.3 and MRI 2.0.0 in addition to the data returned from marshal_dump method automatically dump instance variables of the object.

One of the best ways to better understand each type of essay is to review examples. "controversial essay topics":
