

Ruby master - Bug #7838

Backport r39213 to Ruby 2.0.0 which fixes intermittent test failures

02/13/2013 06:09 AM - drbrain (Eric Hodel)

Status: Closed	
Priority: Normal	
Assignee: drbrain (Eric Hodel)	
Target version: 2.0.0	
ruby -v: -	Backport:
Description	
r39213 sets the encoding of strings returned by Gem.gzip and Gem.gunzip to BINARY.	
This fixes intermittent test failures on ruby 2.0.0.	
I believe this could cause failures in real code too.

Eric,
I don't know the issue at all, but I believe you. Please go ahead.

(I'm happy if you provided the ticket # of the issue if any)
