

Backport200 - Backport #8926

Backport r42977 (fix an accidental bug at r16716)

09/20/2013 02:10 AM - nagachika (Tomoyuki Chikanaga)

Status:	Rejected	
Priority:	Normal	
Assignee:	nagachika (Tomoyuki Chikanaga)	
Description		

History

#1 - 11/11/2013 11:03 PM - nagachika (Tomoyuki Chikanaga)

With r42977, test/-ext-/test_printf.rb abort on Mavericks.

```
$ make test-all TESTS="-- -ext-/test_printf.rb"
[53/96] Test_SPrintf#test_format_integer(% +0.0d)make: *** [yes-test-all] Abort trap: 6
```

I'll investigate it on the other environments later.
Any reproduce reports and comments are welcome.

#2 - 11/12/2013 01:02 PM - nagachika (Tomoyuki Chikanaga)

- File *ruby_2013-11-12-115812_chikanaga-MBA.crash* added

It can be reproduce on another Mavericks machine.
I'll attach crash report file.

But I cannot reproduce it with `optflags="-O0"` on Mavericks, nor on Mountain Lion with `optflags="-O3"`

#3 - 05/30/2016 08:34 AM - naruse (Yui NARUSE)

- Status changed from *Assigned* to *Rejected*
