

Backport187 - Backport #991

YAML: '--- stuff' not escaped as root-level hashkey

01/09/2009 08:47 AM - gyngve (Gary Yngve)

Status:	Closed
Priority:	Normal
Assignee:	
Description	
<pre>=begin {"--- foo" => "bar"}.to_yaml => "--- \n--- foo: bar\n" YAML.load _ => nil</pre>	
<p>(the --- needs to be put in quotes so it's not interpreted as the start of a new yaml, i.e. "--- \n"--- foo": bar\n")</p>	
<p>I also required the yaml.rb in 1.9.1 preview1; it seems to be a problem there too.</p>	
<pre>=end</pre>	

History

#1 - 02/02/2009 12:53 PM - ko1 (Koichi Sasada)

- *ruby -v set to Ruby 1.8.6*

```
=begin
```

```
=end
```

#2 - 07/15/2019 03:03 PM - jeremyevans0 (Jeremy Evans)

- *ruby -v deleted (Ruby 1.8.6)*

- *Target version deleted (Ruby 1.8.6)*

- *Status changed from Open to Closed*

- *Description updated*

- *Project changed from Ruby 1.8 to Backport187*

- *Tracker changed from Bug to Backport*
